Continuous integration in a social-coding world

Bogdan Vasilescu, Stef van Schuylenburg, Jules Wulms, Alexander Serebrenik, Mark G. J. van den Brand

How are GitHub developers using CI?

1. Usage of the Travis-CI service
   - not configured (17 / 223)
   - configured but not using (93 / 223)
   - configured and using (113 / 223)

2. Commits vs. Pull Requests: Which builds succeed more often?
   - Pull request builds are more successful

3. Not all projects are the same...
   - Python and Ruby
   - Older than two years
   - Not too many contributors
