

Publications

1. E.E.Roubtsova,S.A.Roubtsov. Constraints of Behavioural Inheritance. Proceedings of the First European Workshop on Software Architecture. St Andrews, UK, 21-22 May 2004, **LNCS 3047**. Editors Flavio Oquendo, Brian Warboys, Ron Morrison.
2. E.E.Roubtsova,S.A.Roubtsov. Behavioural Inheritance in the UML to Model Software Product Lines. Editor J. Bosch. **Elsevier journal "Science of Computer Programming"**, Vol.53/3, 2004, pp.409-434.
3. E.E. Roubtsova. Property Specification for Coloured Petri Nets. Accepted for the IEEE International Conference on Systems, Man and Cybernetics October 10-13 2004 The Hague, The Netherlands
4. E.E.Roubtsova,S.A.Roubtsov. A Human-Centric Tool for Component Design and Reuse in the UML. Proceedings of 2003 IEEE Symposium on Human Centric Computing Languages and Environments, VLFM '03, Auckland, New Zealand, 2003, pp.177-179.
5. Serguei Roubtsov, Ella Roubtsova, Pekka Abrahamsson. Evolutionary Product Line Modelling. International workshop Evolution of Large-scale Industrial Software Applications (ELISA), Amsterdam,September 23rd, 2003, <http://prog.vub.ac.be/FFSE/Workshops/ELISA-Workshop.html>
6. E.E.Roubtsova,S.A.Roubtsov.UML-base Tool for Constructing Component Systems via Component Behaviour Inheritance. Proceedings of the Eighth International Workshop on Formal Methods for Industrial Critical Systems (FMICS 03),Trondheim, Norway, pages 139-154. **Elsevier Electronic Notes in Theoretical Computer Science V. 80 (2003)**,
7. Ella Roubtsova and Ruurd Kuiper,Process Semantics for UML Component Specifications to Assess Inheritance,**Elsevier Electronic Notes in Theoretical Computer Science, 72, 3**, Editors Paolo Bottoni and Mark Minas, 2003.
8. S.Roubtsov, E.E.Roubtsova. Modeling Evolution and Variability of Software Product Lines Using Interface Suites. In Proceedings of the Workshop on Software Variability Management. February 13,14, 2003, Editors Jilles van Gurp and Jan Bosch. University of Groningen, Groningen, The Netherlands. pp. 62-71.
9. E.E.Roubtsova,R.Kuiper. Process semantics for UML component specifications to assess inheritance. GT-VMT02, Preliminary Proceedings of the International Workshop on Graph Transformation and Visual Modeling Techniques, Barcelona, October 11-12, 2002.p.151-165(English)
10. E.E.Roubtsova,H.B.M. Jonkers,R.Kuiper. Interface Suites as Contracts. Composition of Contracts in UML. PROGRESS 2002. October 2002, The Netherlands, STW,(English)
11. E.E.Roubtsova,L.C.M.van Gool,R.Kuiper,H.B.M. Jonkers. Consistent Specification of Interface Suites in UML. **Springer Journal on Software and System Modeling 1(2): 98-112 (2002)**
12. E.E.Roubtsova,H.B.M. Jonkers, R.Kuiper. Component Specification and Composition in a UML-based tool. 6th Multiconference SCI2002 "Systemics, Cybernetics and Informatics, July 2002, Orlando, Florida

13. Ella Roubtsova, Hans Toetenel. Specification of Real-Time properties in UML. The 22nd IEEE Real-Time Systems Symposium RTSS, Work-In-Progress section, London UK, December 3-6 2001. pp.61-64
14. E.E.Roubtsova. UML-based Tool for Component Specification. In Proceedings of 2nd Workshop on Embedded Systems PROGRESS 2001. 18 October 2001, Veldhoven, the Netherlands, STW, pp.203-210.
15. E.E.Roubtsova,L.C.M.van Gool,R.Kuiper,H.B.M. Jonkers. A prototype of a UML based Tool for Component Specification. 2nd Workshop on Embedded Systems. PROGRESS 2001 WORKSHOP. Book of abstracts, October 2001, Veldhoven, the Netherlands. STW, p.32.
16. E.E.Roubtsova, L.C.M.van Gool, R.Kuiper, H.M.Jonkers. A Specification Model For Interface Suites. In Proceedings of 4th International Conference on the Unified Modeling Language, UML'01, "Modeling Languages, Concepts and Tools", **LNCS 2185** , Springer Verlag, 2001, Toronto, Canada, pp.457-471
17. Hans Toetenel, Ella Roubtsova, Jan van Katwijk. A Timed Automata Semantics for Real-Time UML Specifications. In Proceedings of IEEE Symposia on Human-Centric Computing Languages and Environments (HCC'01), Visual Languages and Formal Methods (VLFM'01), Stresa, Italy, September 5-7, 2001, **IEEE** Computer Society Catalog No.PE00474.pp.88-95.
18. E.E. Roubtsova, J. van Katwijk, W.J.Toetenel. Transformation of UML Specification to XTG. In Proceedings of the Andrei Ershov Fourth International Conference. Novosibirsk. **LNCS 2244**, Springer Verlag, 2001, pp.249-256 (English)
19. E.E. Roubtsova, J. van Katwijk, W.J.Toetenel. Transformation of UML Specification to XTG. (Extended abstract) Andrei Ershov Fourth International Conference. Perspectives of System Informatics. Preliminary Proceedings. Novosibirsk. Russia. 2001, pp.138-140 (English)
20. E.E. Roubtsova, J. van Katwijk, W.J.Toetenel, R.C.M.de Rooij. Real-Time Systems: Specification of Properties in UML. ASCI 2001 conference, May 30 - June 1, 2001,"Het Heijderbos", Heijen, The Netherlands. pp.188-195(English)
21. E.E. Roubtsova, J. van Katwijk, W.J.Toetenel,R.C.M.de Rooij, C.Pronk. Specification of Real-Time Systems in UML. Workshop on Models for Time-Critical Systems. MTCS 2000. August 26, 2000, Pennsylvania State University, **Electronic Notes in Theoretical Computer Science, 39, Elsevier Science Publishers (English)**
22. E.E.Roubtsova, V.A.Sokolov. A model for Reachability Analysis of Data-Flow Graphs with Queues. Modelling and analysis of informational systems. Yaroslavl State University, V6(1), 1999, pp.82-89.(English)
23. E.E.Roubtsova, N.S.Sidorova, V.A.Sokolov. Symbolic reachability analysis of dataflow graphs with data structures. Proceedings of III Siberia International Conference on Applied mathematics INPRIM-98. Novosibirsk, p.111. (English).
24. V.A.Sokolov, E.E.Roubtsova, S.A.Roubtsov. On a technology of design and analysis of dataflow programs. Springer-Verlag, Proceedings of international conference "Parallel computing technologies" (PACT-97),

- LNCS 1277**, September 9-12, 1997, pp.115-120.(English).
25. E.E.Roubtsova, N.S.Sidorova. Modelling of dataflow programs by pushdown multiautomata. Proceedings of V International Conference "Mathematics. Computer. Education." Dubna,1998, p.175. (Russian).
 26. E.E.Roubtsova, S.A.Roubtsov, V.A.Sokolov. Design and analysis method for structured dataflow programs. Proceedings of International Conference "Informational technologies as special courses in universities" Part 2, Ulianovsk, 1997, pp.43-44. (Russian).
 27. E.E.Roubtsova, S.A.Roubtsov, V.A.Sokolov. Structured dataflow nets. Proceedings of conference "Mathematics modelling and computer technologies", V.3, Kislovodsk,1997,pp.93,94. (Russian).
 28. E.E.Roubtsova. Modelling of structured dataflow nets. Proceedings of V International conference of women-mathematicians, Rostov-on-Don, 1997, pp.103,104. (Russian).
 29. E.E.Roubtsova, V.A.Sokolov. Models and properties of structured program class in dataflow languages. Modelling and analysis of informational systems. N.3, Yaroslavl, 1996, pp.127-157. (Russian).
 30. E.E.Roubtsova, S.A.Roubtsov, V.A.Sokolov. Instrumental system for design and analysis of dataflow programs. Scientific conference of Yaroslavl technical state university, 1995, pp. 14-15. (Russian).
 31. S.A.Roubtsov, E.E.Roubtsova. Tune informational system. Modelling, design and optimization of informational systems. Yaroslavl state university, 1993, pp.116-120. (Russian).
 32. N.A.Abramova, E.E.Roubtsova, V.A.Sokolov. External behaviour models of acyclic dataflow programs. Modelling, design and optimization of informational systems. Yaroslavl state university, 1994, pp.3-15. (Russian).
 33. S.A. Roubtsov, E. E.Roubtsova. Informational systems: flexibility and simplicity. Software and program systems, N 3, 1994, pp.25-29. (Russian).
 34. S.A.Roubtsov, E.E.Roubtsova. Intuitive clear language for database queries. Proceedings of 3-d international conference "Theoretic and applied problems of modelling", Moscow, 1994, pp.90-95. (Russian).
 35. N.A.Abramova, E.E.Roubtsova, V.A.Sokolov. External behaviour analysis of a class of dataflow programs. Modelling, design and optimization of informational systems. Yaroslavl state university, 1993, pp.116-120. (Russian).
 36. E.E.Roubtsova, V.A.Sokolov. Formal analysis method of dataflow programs. Proceedings of 2-nd international conference "Theoretic and practice problems of modelling", Kiev, 1993, pp.190-194. (Russian).
 37. E.E.Roubtsova. Functional systems analysis method on the base of equivalent transformations. Proceedings of IV international conference "Discreet mathematics and applications", Moscow State University, Feb. 1993, pp,12-13. (Russian).
 38. N.A.Abramova, E.E.Roubtsova. On an analysis method of a class of nonlinear cyclic algorithms. Architecture and software of computer systems. Yaroslavl, 1992, pp.1-12. (Russian).
 39. N.A.Abramova, A.I.Gastishev, C.V.Kovriga, E.E.Roubtsova. Functional- algebraic approach to behaviour analyses of control systems. Proceedings of

- 12 International conference "Application program packages", Adler, 1991, pp.18-20. (Russian).
40. N.A.Abramova, C.V.Kovriga, E.E.Roubtsova. Verification approach to reliability of instruments and programs. Instruments and control systems. INFORMPRIBOR 1-44, Moscow, 1990, pp.15-18. (Russian).
 41. N.A.Abramova, A.A.Ambartsumyan, C.V.Kovriga, E.E.Roubtsova. Verification debug method for algorithms represented by functional schemes. Academy of science of USSR, Institute for control problems (**IAT**) Pre-print, 1990, 51 p. (Russian).
 42. N.A.Abramova, A.A. Ambartsumyan, E.E. Roubtsova. Formal analysis method of dynamic algorithms represented by functional schemes. Tech.rep. N 4349-B90, VINITI, 18 p. (Russian).
 43. A.A.Ambartsumyan, E.E.Roubtsova. Control of discrete systems. Lecture course, Moscow institute of steel and alloys. 1990, 96 p. (Russian).
 44. E.E.Roubtsova. A Model Based Methodology for Adjustment of Microprocessor regulators. **Journal "Control Instruments and Systems", N 6, 1990, pp 22-24. (Russian).**
 45. E.E.Roubtsova. Debug methodology of regulator algorithms in the instrumental system ICAR. Proceedings of the conference INTERPRIBOR-90, Section 1, Moscow, 1990, pp. 26,27. (Russian).
 46. E.E. Roubtsova. A technology for design and verification of microprocessor controllers (ICAR-tool). Thesis, Ph.D degree in Computer Science (System Analysis) at the Institute for Control Problems (IAT, Academy of Science) and the Moscow Institute of Steel and Alloys, Moscow, Russia. 1989.(Russian)
 47. A.A.Ambartsumyan, L.B.Porotsky, E.E.Roubtsova. A control design system based on dBase 3 Plus. Proceedings of conference "Applications of databases for control problems". Penza, 1989, pp. 8-9. (Russian)
 48. E.E.Roubtsova. Design technology for microprocessor controllers. Proceedings of XI International conference of control problems. Tashkent, 1989, pp. 490-491. (Russian)
