MSc-assignments at ASML (2018/2019)

Dear students,

The MSc-assignments at ASML can be found at the following web-site:

The process is as follows:

- Contact ASML for the assignment (yourself).
- In case you come to an agreement, make sure to get a contract and contact Dr. Stash for that contract.
- Find a supervisor at the TU/e, preferably one that has already contacts with ASML and is familiar with the topic and system.

Best regards,

Reinder J. Bril
